

COVID-19 Work Crew Precautions/Guidelines

Updated 7/6/2020

Thank you for volunteering to perform some of your Community Restitution hours on the work crew during this time. You will be able to fulfill some of your obligations to the Court while helping the community in which you reside. Due to heightened precautions that we all must currently take, these guidelines are necessary to keep you, work crew monitors and the public safe. Please abide by them and ask your work crew monitor if you have any questions. These rules will be in effect until further notice.

- You must have your own transportation for the day if you are driving yourself and following the work crew van
- If you are riding in the van, you must wear a mask at all times while inside the van
- The pick-up times and locations are the same as usual and are printed at the top of the monthly Work Crew calendar
- A maximum of 8 people will be allowed per crew, 4 in the van and 4 following alone in their own vehicles
- A 6 foot distancing rule will be enforced. Do not go within 6 feet of another person. Keep interactions with others, even at a distance, to a minimum and project focused.
- Wipe down all tools, gas cans, accessories, etc. after you handle them. A disinfectant will be provided.
- You may bring your own gloves. Communal work crew gloves will not be used.
- You will break on your own for lunch and rejoin the crew at the time and location specified by the work crew monitor. Bring your own snacks and water.

The work crew calendars will be posted on the Yavapai County Adult probation website. If you wish to go to the work crew, contact your P.O., let them know if you are riding in the van or driving your own vehicle, and they can add you to the schedule. You can also call Chris Welsh at (928) 583-1172. Each day will be first come, first serve so please look at the calendars and plan ahead accordingly.

Thank you for your cooperation and help. If you have any questions, feel free to call me at the phone number above.

Chris Welsh
